

**RIVO AT RINGLING  
CONDOMINIUM ASSOCIATION, INC**

1771 Ringling Blvd.  
Sarasota, FL 34236

January 30, 2015

To Whom it May Concern:

In an effort to reduce the amount of money the Rivo Condo Association was spending every month on water/sewer bills, I did some research into products that "claimed" to save you water and thus reduce your bill. I met with Aqua Mizer and even though I had a good feeling about this company and their product, I have to admit, I was very skeptical. We entered into an agreement where we paid a percentage down for some 250 units, and then we agreed to pay Aqua Mizer the balance based on the REAL savings we would see in our monthly water bills once the project was completed. Well, we paid off the balance in about 6 months and we continue to see a pretty significant reduction in the amount of water we use each month, and it helped identify other leak issues that were not related to fill valves and flappers!

Aqua Mizer went out of their way to insure the installation of the product was done in a professional and timely manner and even spent several hours ON-SITE training my maintenance folks. The entire project was a very positive experience, made easier by Aqua Mizer's onsite support and overall professionalism. I have been recommending this flush system (and Aqua Mizer), to property managers ever since.
