Dear Gary,

I would like to thank you and Aqua Mizer for the marvelous job they did at DeSoto Palms ALF. The installation team were professional and I had no complaints from residents. In fact a few commented on how they really did not know you were there even though you were just in the other room.

Since installation we have saved an average of 17% on our monthly water bills. In addition our maintenance crew receives far fewer phone calls to repair bathroom and toilet issues. Our cleaning crew no longer deals with cleanup of overflows.

I have spread the word of Aqua Mizer to other local ALFs and Nursing Homes as they have similar population of residents and patients. I know for a fact that one Nursing Home Corporation has already contracted with you after my discussion with them.

Please do not hesitate to share this letter with future clients.

Respectfully,
