Hotels with the Aqua Mizer Solution™ installed:

- Countryside Inn and Suites, Orlando.
- Howard Johnson, Orlando.
- Red Roof Inn, Orlando.
- Knights Inn, Orlando.

The Aqua Mizer Solution™ has been a truly worthwhile investment for my Company. We monitor our water usage daily, and right after their leak detection/flood protection system was installed, our water usage dropped from an average of 7,000 gallons a day to 4,000 gallons representing a 43% reduction.

The Aqua Mizer Solution™ Team proved to be very professional and went beyond their line of duty in taking care of toilet issues they were not responsible for. Their effectiveness and excellent customer service made the installation process much easier and with great quality.

I have shared my experiences with other Hotel Owners and have recommended them to install the Aqua Mizer Solution™ in their facilities.

The Aqua Mizer Solution is an inexpensive system that every hotel should have.
